Any comments or responses by the parties are always welcome prior to any deadline. Again, sorry for the short notice or response time due to the statutory deadline that is in place.

Subject: Docket No. 2019-290-WS: Blue Granite Water Company

March 11, 2020

Dear Counselors and Parties of Record:

Please forgive the short notice of this email, but this has arisen about late filed exhibits. It was understood that two additional late filed exhibits were requested by the Commission. These requests were made by Commissioner Ervin and Commission Hamilton during the hearing when the company's case was being presented on Day 1. Commissioner Ervin requested a copy of the ClearWater Solutions contract as a late filed exhibit. Similarly, Commissioner Howard requested a late filed exhibit of the company customer service metrics information/report during the hearing from witness Mendenhall. I do not believe that these late exhibits have been filed. It is requested that the company provide an update or status on these requests. If confidential treatment is needed, please follow the PSC's procedure for requesting confidential treatment by filing the confidential information and providing a public use copy of the same.

Thank you for your expedited attention to this matter. If possible, responses are requested as soon as practical but respectfully no later than Friday, March 13, due to the timeline for proposed Orders and the statutorily mandated date to which the Commission must adhere in issuing a Decision and Order in this docket, and also to allow other parties the opportunity to respond no later than next week

With kind regards, I am
